As an educator working with at-risk youths for the past eight years, I have seen a bureaucratic state system out of touch in providing the basic educational tools necessary for our next generation to successfully compete in the real world.

We need real accountability.

I have seen the devastating effects that "ICE" has on our youths, families and community, yet our current legislature denies our law enforcement officers the tools that they request to significantly combat this plague.

We need real toughness.

It's not easy to afford to live in Hawaii. I see so many ways that we can help small businesses to succeed. As a business owner, I will listen to your ideas improve the business climate so you can create the company of your dreams.

We need real experience.

As a resident of the district for 42 years, I will make the same commitment to you as I do for my students. I will work tirelessly for you, I will do what's right and I will tell you the truth.

We need real honesty.

Thank you in advance for your support of me and my family.

Mahalo.

It's Tom for a Real Change.
